

WALKING FOR PLEASURE TOOHEY FOREST WALKS

Our Thursday night walk starts from 7pm. We meet at 6 45pm in the far end car park of QEII Hospital. On this walk, we go on dark bush tracks so a working torch is essential. With a torch, we can take just as much care as we would in daylight. People who try a night, forest walk usually really enjoy the sense of adventure with the serenity of walking under the stars and often under moonlight. Mostly, the only wildlife we see are Kookaburras, Tawny frogmouths, possums + very occasionally a koala and, maybe, an echidna. We walk up a few uphill sections whichever way we go in Toohey but we stop whenever anyone needs to catch their breath and to take a drink. This walk is suitable for most people. Our Leader, Dianne Warn has been doing it for 13yrs+. Our walkers range from 7yrs to those in their 60's, with our oldest walker having just finished up at the age 84 + a half. This walk takes approximately 90 minutes.

What to Bring: Water, Joggers or Hiking Boots and Torch

Meet Point: QEII Hospital Far End Carpark. The entrance to this carpark is in Troughton Road, just off Kessels Rd. The carparks actually face onto Kessels Road.

Our second walk itakes place every Saturday morning, starting at 7am. We meet at 6 45am in the Klumpp Rd Bus Parking. We go across to Toohey through the tunnel under the freeway. Walking on bush tracks, we sometimes see koalas, as well as a variety of birdlife. Plenty of wildflowers are currently blooming in Toohey Forest and a few walkers have some knowledge of their names, as well as some knowledge of the birdlife. Dianne Warn is also the Leader of this walk. This walk also goes for approximately 90 minutes

What to Bring: Water and Joggers or Hiking Boots

Meet Point: Bus Parking (next to the Hibiscus Sports Centre) - turning in at the lights on Klumpp Road, Upper Mount Gravatt
